

Voter Registration Forms

Networks Barber College encourages its students to be registered voters and to exercise their right to vote. Students can register to vote at www.elections.il.gov. You may also register to vote at local public libraries, city and village offices, and the County Clerk's Office. The state of Illinois also implements the Motor Voter Law and you may register to vote at the local State Driver's License Facility as well.

This information will be sent to each student upon enrollment in an email devoted exclusively to voter registration.
